| SS DEAN-Student First Stop | Access | 2014-15 | Implement the reconfiguration of the Student First Stop Center. The goals are to make the center Student Centered and move away from it being Staff Centered from the perspective on one entering the building. Change to student stations and away from staff stations, while still allowing staff to have their private work areas. |
| | | | Purchase eCatalog services to move from a paper catalog to an online, interactive catalog that is integrated with Jenzabar's EX and JICS. The cost of the service will be partially offset by the reduced expense of printing catalogs. Also the eCatalog will be updated in a more efficient manner with more accuracy. |
| | | 2015-16 | Finalize the reconfiguration of the Student First Stop Center. The goals are to make the center Student Centered and move away from it being Staff Centered from the perspective on one entering the building. Change to student stations and away from staff stations, while still allowing staff to have their private work areas. Have the stations interactive so that students and staff can perform their tasks at the same computers but with different logins. Move the switchboard to the entrance as a door greeter. Create a student area for using student work stations for computer or homework use. |
| | Sustainability | 2014-15 | Redistribute job duties among all Student First Stop Center staff to aggressively target students before delinquent and to alleviate sending to collections. We will accomplish this by maximizing work-study students on the switchboard. |
