

ASSOCIATE OF APPLIED SCIENCE (AAS) CAREER TECHNICAL PROGRAMS

The Associate of Applied Science (AAS) is a state approved associate's degree that is intended to prepare graduates for direct entry into the workforce. An AAS may also help to prepare students for career advancements, occupational licensure, or further study toward a baccalaureate degree.

The program is fully articulated with Southern Oregon University's (SOU) Bachelor of Applied Science in Management program and allows students to transfer and become admitted into the School of Business at SOU with no loss of credits to pursue a bachelor's degree.
