

## COMMUNITY USE OF COLLEGE FACILITIES

The primary use of College buildings and facilities shall be dedicated to educational programs. The secondary use of College buildings and facilities shall be for College affiliated student and employee groups.

The Board of Education recognizes a responsibility to the College District and will allow temporary and irregular use of buildings and facilities for civic, not-for-profit community organizations, religious groups, or private events if such use does not conflict with the College's educational program. The Vice President of Student Services may sponsor certain use of facilities that support student and staff wellness and/or self-help initiatives.

College facilities may be used by individuals or groups for political purposes and campaigns, so long as the individual or organization is sponsored by the Associated Student Government. All political or partisan groups shall have the same opportunities to use College facilities in accordance with the requirements of this procedure.

Admissions receipts from fund-raising activities of civic and not-for-profit community organizations occurring in College buildings and facilities must be dedicated to beneficial community endeavors.

The upper level of Prosper Hall and the Recreation Center gym shall not be used for dances where participants wear street shoes.

## PERSONAL GAIN

College buildings and facilities will not be available for personal or enterprise gain.

## SCHEDULING

Community use of buildings and facilities shall be scheduled by the Events Coordinator. Scheduling will require completion of a Request for Use of College Facilities Form and a College *Building/Facility Agreement* signed by both parties prior to the use of College facilities. External reservations will be considered six months prior to the event date, unless otherwise approved, on a first come, first served basis. This is to allow the implementation of the academic schedule and associated College business.

## USER FEES

For current fees, please refer to the latest fee schedule approved by the Board of Education. The Facility Scheduler in Facility Services maintains an updated fee schedule. The fees collected are for the sole purpose of covering the costs of operations.

If an activity is judged to be in the best interest of the College or the community, the user fees may be waived.

In addition to user fees, additional charges for custodial, technology, security, equipment or other services will be charged. Charges for additional service shall be determined prior to the event but may be subject to modification resulting from any unanticipated additional time needed to return the buildings and facilities to a condition suitable for instructional or student use.\*
