Section 1: Comparison Chart**Comparison Chart**

Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 are correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note: Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Summary**IPEDS Student Financial Aid (SFA) Survey Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2017.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Student Financial Aid

Southwestern Oregon Community College (210155)

Source	Description	Severity	Resolved	Options
Screen: Part C, Page 2 - Enter Information about Group 2				
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 472 and 706 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	In 2016-2017, we increased the amount of the FSEOG award per student, which resulted in less students being awarded and a higher average awarded.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 1,454 and 2,180 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	In 2016-2017, the State of Oregon implemented a new grant program named the Oregon Promise, which increased our State grant awardees and awards.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 8,463 and 12,693 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	Students have been borrowing less and less each year. With the increase in State funding for middle-income families, the private loan awards were smaller.			
Screen: Part D - Enter Information about Group 3				
Screen Entry	The number entered is outside the expected range of between 39 and 71 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	The number in Group 3 rose by 22, and it appears the majority were off-campus. It's challenging to confirm off-campus with family versus off-campus not with family, and our housing numbers are accurate.			
Screen: Part E - Enter Information about Group 4				
Screen Entry	The number entered is outside the expected range of between 38 and 68 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	This group appears to be following in line with the trend reported in Group 3's housing arrangements. The increase in students seems to be in non-housing students.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	It appears that, similar to 2013-2014, our low income students are getting less aid overall to cover costs. Continuing cost increases in tuition, fees and student housing contribute to this variance.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	Based on the data from prior years, this particular income level fluctuates significantly. Looking at the specific data, the awards that make up this group are predominantly institutional aid given for athletics or merit. It is such a small group that any changes would impact the average more than some of the larger groups like the \$0-\$30,000. The awards are predominantly tuition waivers, and the tuition increased \$2 per credit over the prior year.
