Southwestern Oregon Community College does not discriminate on the basis of race, color, gender, sexual orientation, marital status, religion, national origin, age, disability status, gender identity, or protected veterans in employment, education, or activities as set forth in compliance with federal and state statutes and regulations.

Thank you for your interest in the Nursing Program at Southwestern Oregon Community College!

IMPORTANT DATES

January 2 nd	First day applications accepted
Last Wednesday in January at 3pm	Information Meeting – https://www.zoom.us/ Meeting ID: 923 0799 8400 Passcode: 2025
February 2 nd by 5pm	Deadline for SWOCC Admissions Application * and New Student Orientation *If you have never taken a course or it has been more than one year since you have taken a SWOCC class, you must apply/reapply. Select: Planned Course of Study: AA: Oregon Transfer (AAOT) and Area of Interest: Pre-Nursing Contact 541-888-7636 if you have questions relating to admissions.
February 15 th by 5pm	Deadline for Nursing Application , official transcripts and petitions
1 st Friday in March at 5pm	Notifications via email – Application received by SWOCC Nursing Program staff
2 nd Friday in April by 5pm	Deadline for official transcripts and petitions for winter classes
Last Friday in April by 5pm	Notifications via email – Essay Access
May Sessions TBD	Essay Sessions
1 st Friday in June by 5pm	Notifications via email – Provisional Acceptance
1 st Thursday in August by 5pm	Proof of full vaccination status on all immunizations

PROGRAM OVERVIEW

INTRODUCTION - The Nursing Program is both exciting and challenging, offering graduates the opportunities for employment in a variety of settings and a lifelong career that is personally fulfilling. The program demands may pose unique personal as well as academic challenges. Most students have multiple responsibilities in addition to going to school (i.e., marriage, family, job). Success in the program takes a firm commitment, and the nursing faculty is here to help you succeed. Nursing is a demanding field and admission to nursing schools is a very competitive process. We strongly suggest you prepare well by talking with nurses in various settings, talking with an advisor in order to help you with your career plans, and by reading through the application materials thoroughly. Advisors are assigned to students enrolled in Southwestern to assist in keeping you on track to your degree goals.

INFORMATIONAL MEETING - Due to the volume of interest in this program and the Covid-19 situation, applicants may wish to attend a Nursing Program informational meeting held via ZOOM. This will include time for individual questions.

THE CONSORTIUM - The Southwestern Nursing Program has joined with other community college programs and all campuses of the Oregon Health & Science University (OHSU) in a unified approach to nursing education. This coalition of statewide nursing educators and programs known as the Oregon Consortium for Nursing Education (OCNE). Faculty from SWOCC are actively involved in the competency-based curriculum used at all consortium schools. SWOCC began the implementation of the new nursing curriculum with the students who entered the program in Fall of 2006. All OHSU Schools, Mt. Hood Community College, Umpqua Community College and Rogue Community College also started the curriculum in Fall 2006. Lane Community College and Clackamas Community College joined in 2007. Blue Mountain Community College and Portland Community College started the OCNE curriculum in 2010. Treasure Valley Community College in 2014, Clatsop Community College in 2015, and Columbia Gorge Community College in 2016. OCNE schools have similar prerequisites (each college may have some college-specific variations) and comparable application processes for students.

PROGRAM COMPETENCIES - The competencies of the OCNE curriculum address the need for nurses to be skilled in clinical judgment and critical thinking, evidence-based practice, relationship-centered care, interdisciplinary collaboration, assisting individuals and families in self-care practices for promotion of health and management of chronic and acute illness, end-of-life care, and teaching, delegation, leadership and supervision of caregivers.

DEGREE OPTIONS - Acceptance to the program allows for co-admission to Southwestern and Oregon Health and Science University (OHSU) nursing programs. Co-admission is an agreement that applicants admitted to SWOCC are eligible to complete a Bachelor of Science degree with a Major in Nursing at OHSU without an additional competitive application process. The co-admitted student would matriculate and be entered into the OHSU student record system, upon transfer following completion of 6 terms of the curriculum at SWOCC. Students completing the AAS will meet the educational requirements to be eligible to sit for the RN-licensure examination, and would complete four additional terms of full-time study to earn the Bachelor of Science Degree with a Major in Nursing through OHSU.

LENGTH OF PROGRAM - The design of the program provides students the option of completing an Associate of Applied Science degree in Nursing (AAS-Nursing) from Southwestern or a Bachelor of Science degree with a major in Nursing (BSN) from OHSU. For further information, see "Curriculum".

ENROLLMENT PER YEAR: Depending on clinical facilities, we anticipate accepting 56 students in our Fall Nursing Cohort to our Coos Bay and Curry Campuses.

CURRENT LECTURE, CLINICAL, AND LAB SITES: Lecture is in person on the Coos Bay and Curry campuses, the eLearning platform is used to deliver assignments, handouts, exams, etc.

Lab sites are on the SWOCC Coos Bay campus or SWOCC Curry campus.

Clinical Sites are located at the following facilities: (For more information please see Nursing Student Handbook on the SWOCC website).

Bay Area Hospital (BAH) – Coos Bay, Oregon

Coquille Valley Hospital (CVH) – Coquille, Oregon

Curry General Hospital (CGH) – Gold Beach, Oregon

Lower Umpqua Hospital (LUH) – Reedsport, Oregon

Southern Coos Hospital (SCH) – Bandon, Oregon

PROGRAM STAFF

(See Nursing Student Handbook on the SWOCC website)

EMPLOYMENT OUTLOOK AND EXPECTED INCOME - Employment opportunities are available in the Southwestern district, as well as statewide. Hospitals, long-term care, extended care and clinics employ RNs. Adding the BSN degree opens even more opportunities including but not limited to teaching in nursing programs in labs and clinical, school nursing, public health nursing and is the next step to becoming a nurse practitioner. Overall salaries are excellent. See [Oregon Employment Department](#).

DEMANDS OF THE PROGRAM - It is important to understand the mental and physical demands of the nursing program and the career of the nurse, as described in the Technical Standards document, which is available on our website, https://mylakerlink.socc.edu/ICS/Admissions/Program_Specific_Forms.jnz. Established academic and clinical requirements essential to the program of instruction apply to all students. The Nursing Program at SWOCC attempts to accommodate and retain qualified applicants with disabilities unless results of evaluations indicate that given reasonable accommodation an individual will still be unable to perform the essential functions required by the program. Students with questions concerning particular qualifications are encouraged to contact the Accessibility Services in the Student Success Center at 541-888-7405 to arrange an appointment for individual consultation and advice prior to application.

ADMISSION PROCESS

APPLICATION OPEN AND CLOSE DATES – Nursing Program applications are available at the Southwestern [website](#). You must first apply to Southwestern if you are not a current student (attended courses in the last year) and complete the New Student Orientation (this process can take up to five working days) in order to login to myLakerLink and complete the Nursing application. Only completed nursing applications submitted from January 2 through February 15 are accepted for consideration for the following Fall cohort. There is no advantage to applying early. However, do not wait until the last minute. The only materials that will be accepted after the February 15 deadline are official transcripts documenting completed coursework that was in progress during Winter term of application year. The last day for submitting official transcripts is 5pm the 2nd Friday in April. It is the student's responsibility to assure that the application submitted is complete. It is recommended that applicants have a friend or family member double check before submitting. Staff will send a confirmation email to all applicants by the 1st Friday in March at 5pm stating that we have received the application. (If you have not received an email by the above date, please email nursing@socc.edu the following Monday). Due to the high volume of applications, students are not to inquire as to the receiving and/or the completeness of the application.

ADMISSION CRITERIA – Applicants to the nursing program must meet all of the following eligibility criteria:

- ❖ If you are brand new to SWOCC or it has been a year since taking SWOCC classes, you must submit the SWOCC Student Application for Admission, which is available at <http://www.socc.edu>. Admission to Southwestern does not guarantee admission to the Nursing Program. This process can take up to five working days.
- ❖ Submission of SWOCC's Nursing Program application and required documentation, as listed on the checklist.
- ❖ Invitation to and participation in the mandatory Essay on the SWOCC Coos Bay or Curry campuses at a designated date and time for the top qualified applicants (150 to 200% of available positions).
- ❖ Completion of all program prerequisites with a letter grade of "C" or better.
- ❖ Anatomy and Physiology classes have a 7-year time limit.
- ❖ Prerequisite courses may not be taken more than two times within a seven-year period. If more than two attempts have been made within the seven years, the second grade will be used to calculate the prerequisite grade point average (GPA).
- ❖ Submit official college transcripts demonstrating a 3.0 cumulative GPA for all prerequisite coursework. *Students that have Southwestern as their only college of attendance do not need to include transcripts.* Non-accredited college transcripts are not considered in the evaluation of your application or toward any degree requirements.
- ❖ Evaluations for transfer coursework from foreign Institutions are due by the application deadline. The evaluation company must be either AACRAO Foreign Education Credential Service (www.aacrao.org) or a member of the National Association of Credential Evaluation Services (NACES). For a list of NACES memberships, please see www.naces.org. The evaluation must be a course-by-course evaluation with an official copy submitted to the Admissions, Registration and Records Office.
- ❖ International students (individuals seeking a non-immigrant, student visa) must first submit the following documents to the International Student Advisor, in addition to their International Student Application:
 1. Submit an original report showing a score of at least 560 for the written exam or 220 for the computer exam on the Test of English as a Foreign Language (TOEFL); or
 2. Submit an original report showing a score of at least 780 on the Test of English for International Communication (TOEIC) exam; or
 3. Submit an original report showing an overall score of 6.5 with a minimum of 6.0 on all modules of the International English Language Testing System (IELTS) (Academic Module); or
 4. Submit an original certificate from the Commission on Graduates of Foreign Schools of Nursing (CGFNS); or
 5. Provide a VISA-Screen® certificate.Upon admission to the program, the college will then issue the applicant an I-20 form for F-1 for the purpose of a student visa application.

APPLICATION AND ADMISSION PROCESS - Applicants must submit a **complete** nursing program application, including all required forms, nursing program application fee of \$50 and other supporting documentation. To apply, login to myLakerLink and then click the link. (https://mylakerlink.socc.edu/ICS/Admissions/Program_Applications.inz?portlet=EX_FormFlow - Forms_2019-07-08T11-23-45-402&screen=FormView&form=6fdeca55-1a4e-40ba-a9da-bc9bdb73760c) Official transcripts on classes not in our system must be submitted and received by the **application deadline**.

YEAR ONE PREREQUISITE COURSE REQUIREMENTS (52 CREDITS) - Students are eligible to apply for admission to the nursing program after completion of 30 credits. The 30 credits must include BI 231 Anatomy & Physiology I completed within the 7-year time limit.

APPLICANT NOTIFICATION – Applicant notification is by email regarding provisional admission into the nursing program. All admission decisions are final. The Nursing Department reserves the right to establish an alternate list for admission if needed. Alternate notification is by email if space becomes available. The alternate list expires when fall term begins.

PROVISIONAL ADMISSION

INTENT TO ENROLL - Upon notification of provisional admission, applicants must indicate in writing his/her intention to enroll by the deadline in the notification letter. Applicants failing to indicate in writing his/her intention to enroll by the deadline in the notification letter will forfeit their provisional admission.

PHYSICAL EXAM/IMMUNIZATIONS - Provisionally admitted students must submit proof of having had a physical exam that includes specific screenings, immunizations, or titers by the stated deadline. Physical exam forms will be included in the provisional acceptance package. Failure of provisionally admitted students submitting proof of having had a physical exam that includes specific screenings, immunizations, or titers by the stated deadline will forfeit their provisional admission. Please note that some immunizations requires a 14-day period from last dose to be considered fully vaccinated.

CPR - Provisionally admitted students must provide a copy of a current American Heart Association's Healthcare Provider card prior to the start of the Fall term. https://mylakerlink.socc.edu/ICS/Admissions/Program_Specific_Forms.jnz

CRIMINAL HISTORY BACKGROUND CHECK - As required by OCNE and the Oregon State Board of Nursing, all provisionally admitted students will be required to undergo a criminal background check prior to entering the program. Instructions will be included in the provisional admission packet. Specific criminal records can result in denied entrance into a healthcare facility as a student. Because it is not possible to meet the objectives of the program without having clinical experience, anyone with a positive criminal or abuse history may not be eligible for acceptance in the nursing program. Fingerprinting may be required prior to participation at specific clinical sites. In addition, the OSBN requires a criminal background check upon application for licensure. For more information on OSBN, licensing requirements see www.osbn.state.or.us. Please submit the release (included with the forms packet) requiring your signature, with your application.

COMPLETION OF PREREQUISITES – Provisionally accepted nursing students must complete all prerequisite courses (52 credits) by the end of summer term prior to entering nursing courses or they will forfeit their acceptance. Provisionally admitted students must provide official transcripts by the last Thursday in August for any prerequisite courses completed with a grade of “C” or higher after the submission of the application. The cumulative GPA for all 52 credits of pre-requisites must be 3.0 or higher.

ORIENTATION – An Orientation for accepted nursing students will be held in September, prior to the first day of class, to acclimate the students into the Nursing Program, attendance is highly encouraged.

ADMISSION TRANSITION – Students will receive notification via email when documentation and the terms of provisional acceptance have been satisfied. Applicant status will convert to program acceptance in September, and students will be able to register for Nursing Program classes.

Students who are selected for provisional admission to the nursing program must complete the remaining credits, 52 credits of prerequisites, by the end of summer term prior to entering the Nursing Program in Fall. For the complete list of prerequisite classes, see the Sample Southwestern Nursing Program Planning Sheet on page 8 of this packet or the Prerequisite Planning Chart, available at https://mylakerlink.socc.edu/ICS/Admissions/Program_Specific_Forms.jnz.

Note: Many of the nursing prerequisites may have course prerequisites such as general biology or chemistry that may be required in advance. It is very important to meet with an academic advisor in planning your schedule to ensure completion of all requirements by the application deadline.

Course numbers listed here are for courses completed at Southwestern Oregon Community College. SWOCC's Transcript Evaluator will determine if classes taken at other colleges are equivalent based on curriculum content. Classes with the same course title and/or number may not transfer in as equivalent. It is the student's responsibility to make sure their transcript courses match the prerequisite classes and petition if necessary.

ADMISSIONS POINT SYSTEM – Assessment of eligible applicants are according to a 100-point scale. Official transcripts will be the method of proof for grades. Transcripts for courses completed by Fall term must be submitted with the application. Assessment of eligible applicants are according to the following:

Phase I = 70 points

Academic Metrics = 40 points

1. Prerequisite GPA: A maximum of **25 points** awarded. The applicant must provide official transcript(s) from all previously attended colleges and must have a minimum of 30 credits of prerequisites by the end of Fall term to be considered eligible. Only the prerequisites will be calculated in the GPA for assignment of points in the admission process. Only official transcripts for coursework to be assessed are necessary for application purposes. The most recent grade for a course will be used unless more than two attempts have been made within the seven years. If more than two attempts have been made, the second grade will be used to calculate the prerequisite grade point average (GPA). Examples of the resulting point assignment to various GPA levels follow.

Prerequisite GPA	Points Assigned
3.8 – 4.0	25
3.7 – 3.79	24
3.6 – 3.69	23
3.5 – 3.59	22
3.4 – 3.49	21

Prerequisite GPA	Points Assigned
3.33 – 3.39	20
3.2 – 3.32	19
3.15 – 3.19	17
3.0 – 3.14	15
0 – 2.99	0

2. Completion of Anatomy & Physiology sequence:

5 points will be awarded if the entire sequence of Anatomy & Physiology (BI 231/232/233) is completed by the end of Fall term prior to application, with a grade of C or higher in each course.

3 points will be awarded if two of the three A&P courses completed by the end of Fall term prior to application, with a grade of C or higher in each course.

3. Prior Degree: (points awarded in the highest category only)

5 points will be awarded to applicants who hold a Master's degree at the time of application.

3 points will be awarded to applicants who hold a Bachelor's degree at the time of application.

2 points will be awarded to applicants who hold an Associate's degree at the time of application.

1 point will be awarded to applicants who hold a current Educational Certification or License at the time of application. *(Excludes BLS/ACLS/PALS certifications. Certifications must be current and unencumbered or received no greater than 5 years from the application date.)*

4. Completion of all prerequisites:

5 points will be awarded for having all 52 prerequisite credits completed by the end of Fall term prior to application.

3 points for 37 credits completed by the end of Fall term prior to application.

SWOCC Experiences and Attributes = 30 points

1. Veteran Status: 6 points will be awarded to applicants who have Veteran status at the time of application.

2. Oregon Residency Criteria: 6 points will be awarded to applicants who have Oregon Residency status at the time of application.

3. Local Criteria: 6 points will be awarded to applicants who have Western Douglas, Coos, or Curry County Residency status at the time of application.

4. Diversity Attributes: up to 6 points

1 point – TRIO SSS Participant by December 31 prior to application. www.socc.edu/trio

1 point – First generation college student (parents have not earned a bachelor's degree)

1 point – Low-income (Pell grant eligible)

1 point – Documented disability (may request documentation)

2 points – Bilingual

5. Work experience: 6 points will be awarded to those who provide proof of at least 600 hours of work experience in the last 12 months from the application deadline. *(Form provided in application)*

Phase II = 30 points

Essay: The top applicants (150-200% of available positions) will be invited to participate in an essay session via myLakerLink on the Coos Bay or Curry campuses. A maximum of **30 points** will be awarded for the responses based on OCNE shared criteria/scoring rubric. The items listed below are **examples** of possible areas to be assessed. Southwestern Oregon Community College and OCNE reserve the right to change or update the areas to be assessed as necessary.

1. Integrity – The applicant responds to situations demonstrating values compatible with SWOCC's and nursing core values and the maintenance of ethical, social and organized norms.
2. Diversity – The applicant expresses understanding of equity and inclusion, respect for and/or experience with varied backgrounds, cultures, ethnic groups, and lifestyles.
3. Resilience – The applicant describes strategies/behaviors that would enable maintaining stable performance under pressure.
4. Communication – The applicant conveys the ability to deliver information, feelings, and opinions to others orally or in writing.
5. Motivational Fitness – The applicant describes strategies/behaviors that would enable success in staying in school.
6. Transferable Skills – The applicant responds to situation questions in a manner that demonstrates problem solving, curiosity, leadership and critical thinking.

Tie Breakers: In the event that two or more applicant scores cluster at the acceptance cut-off point, Southwestern will use tie breakers in the following order:

- 1) Overall prerequisite GPA
- 2) A & P I grade

Petition: Applicants with exceptional circumstances have the option of petitioning for consideration of specific issues. For example, an upper division course will not transfer in as equivalent to a SWOCC prerequisite course but may possibly fulfill the program intent. It is the student's responsibility to contact the program assistant to access the correct form and for more information. Petitions for previous classes are due by the application deadline. Petitions for winter grades are due by 5pm the 2nd Friday in April, spring and summer term petitions are due by the last Thursday in August. *If classes do not match and petitions were not completed, the application will be deemed incomplete.*

Curriculum

- The first year of the program is devoted to **prerequisites** and/or preparatory courses (52 credits) required for admission to the nursing program.
- The second year of the OCNE program is the **1st year SWOCC Nursing Program** and is comprised of identical courses for associate and bachelor's work.
- The third year of the OCNE program is the **2nd year SWOCC Nursing Program**, it offers students the ability to complete the AAS degree through SWOCC (and provides the eligibility for NCLEX-RN licensure testing) after Spring term of the third year.
- Year four BS program electives must be 15 credits of upper division courses (300-400 level courses) for the Bachelor's Degree in Nursing. These classes may be taken before nursing courses are completed. Due to OHSU not offering Humanities or Social Sciences classes, these electives may be satisfied through other accredited colleges. The University Center located on the Coos Bay campus in the Student Success Center is available to assist students in exploring their options.

The coursework for the BSN continues through the completion of fulltime study through the fourth year. Both the AAS and BSN degrees meet the educational requirement for the national licensure examination for RN licensure (NCLEX-RN). The nursing program is approved by the Oregon State Board of Nursing, www.osbn.state.or.us.

The student may remain in the local area for continued coursework towards the BSN, but tuition will convert at that time to OHSU tuition. It is important for students to be aware that residency requirements differ between schools. Please see the OHSU website, www.ohsu.edu for additional information.

- Majors in this program must complete all courses with a grade of C or higher.
- Each quarter is a prerequisite to the next.
- Courses that **do not have** the NRS prefix may also be offered in terms other than those specified. You may take them in a term **prior** to when they are recommended in the planning sheet document; but since each quarter is a prerequisite to the next quarter, you **cannot** take them in a term **after** the term they are listed.

Contact your advisor for further information.

Please note; the following chart on page 8 shows the courses required at SWOCC. Other consortium programs may have slight differences due to specific college requirements. Year 4 "OHSU" are provided for informational purposes for those planning to complete the AAS degree at SWOCC then transition and become an OHSU student. Contact the OHSU School of Nursing for more information.

For the Bachelor's in Science major in Nursing degree from OHSU, 15 credits of upper-division non-nursing electives are required.

Foreign Language Proficiency: Language proficiency is a requirement for the Bachelor's degree that can be met by:

- 1) two years of the same high school language
- 2) two terms (quarters or semesters) of the same college level language
- 3) a language proficiency examination

College level (100 and above) credits in the foreign languages count toward the 45 prerequisite credits as well as the associate degree and bachelor degree credits. Neither high school nor proficiency examination (as a means of meeting the language requirement) counts in the credits for prerequisites or for the degree. American Sign Language at the 100 or 200 level is an accepted language to meet the language requirement.

Southwestern Nursing Program Planning Sheet – Students Admitted for Fall

	Summer Term	Credits	Fall Term	Credits	Winter Term	Credits	Spring Term	Credits	
Year 1: Prerequisite Year AAS & BS	CHEM 110: Found, Gen, Org, Bio Chem FN 225: Nutrition CIS 120: Concepts of Computing ANTH 221, 222, or 223	4 4 4 3 15	BI 231: A&P I MTH 95: Intro Algebra II (MTH 105 or higher) WR 121: English Comp BI 234: Microbiology	4 4 4 4 16	BI 232: A&P II PHL 102: Ethics WR 122: English Comp Submit Application	4 3 4 11	BI 233: A&P III PSY 237: Life Span Dev. Year 4: Bachelor of Science in Nursing at OHSU, go to:

www.ohsu.edu/son

- Complete AAS at Community College Partner School and NCLEX eligible
- Must have an RN license in Oregon for clinical coursework
- Take classes online and would have mentored clinical experiences in an appropriate site in their geographical area
- Would typically finish the B.S. nursing courses in up to 6 quarters as a part-time student or 4 quarters as a full-time student
 - For the BSN degree:
 - 15 credits upper division non-nursing electives
 - Two years high school or two quarters or one semester of the same college level foreign language or language proficiency examination
- May need to complete required non-nursing courses while taking the nursing courses or after completion of the nursing courses

Frequently Asked Questions

1. How do I get a nursing program application and when do I apply?

Applications are available online at: <https://www.socc.edu/why-swocc/pathways/pathway-health-public-safety/associate-of-applied-science-nursing/> beginning January 2. Completed applications are accepted from January 2 through 5pm, February 15 via myLakerLink. The only materials that will be accepted after this date are official transcripts documenting completed coursework that was in progress during Winter term.

2. When do you accept students into the program?

Students are accepted each Fall term into the program.

3. How do I get accepted to the Southwestern nursing program?

Applications are reviewed based on your cumulative prerequisite GPA and Anatomy and Physiology I grade, as well as proof of having a license/certificate from a nursing/medical program, and/or proof of work experience in addition to the license/certification. Identified eligible applicants will then be invited to an interview. Please refer to the Admissions Point System section for more detailed information.

4. What are my chances of being accepted into the program once I've completed the minimum requirements?

Admission is competitive and based on a point scale, it is difficult to predict the chances of acceptance in advance. The chance of acceptance is also dependent on the quality of the applicant pool each year, which could fluctuate. It is important to be as successful as possible in your prerequisite coursework as that is where a bulk of the admission points is awarded. Please refer to the Admissions Point System for a breakdown of how applicants are assessed.

5. What if I'm not accepted into the program when I apply?

The top ranked students who are not provisionally accepted into the program may be placed on a ranked alternate list to fill a position that may become available if an accepted candidate cannot enter the program. The alternate list is active until fall term starts. Students not admitted to the program must reapply the following year to be reconsidered for admission. Previous application materials will not be forwarded or duplicated for a new application.

6. With all this talk about a nursing shortage why don't you offer more applicants admission?

Currently in Oregon we have a nursing faculty shortage. In the Fall of 2019 Southwestern has expanded the program to educate more nurses. Our policy is to admit students based upon our funding and resources.

7. What kind of time commitment can I expect the program to involve?

The nursing program demands a great deal of time. In addition to classroom time (approximately 10-18 hours a week for nursing courses), you will spend an average of 12 hours per week in the nursing skills laboratory and at clinical practice sites (in hospitals, long-term care and community health settings). Clinicals are scheduled during the hours that nurses typically work which could be morning, evening or nights. You will find that you will need up to 20 hours/week for studying/writing papers/preparing and write ups for Clinicals. As you can imagine, this schedule requires a lot of flexibility by you, your family, your employer and your childcare provider.

8. Can I work when I am enrolled in the nursing program?

The nursing program is an intense program with classes and clinical placements. Students may find working even part time difficult. For many students, employment while attending school is necessary. Jobs with flexible schedules are desirable in these circumstances. In general, it is recommended that you not work more than 16 hours per week. Students must adjust work hours to accommodate their school schedule. Program allowances cannot be made to accommodate work schedules.

9. Can you complete the program part time?

No, the nursing program is a full-time program of study.

10. Is the program offered on-line?

Some of the support courses are available on-line.

11. How much will the program cost?

Prerequisite year costs (Year 1):

Category	Item	US Citizen (approx)	International Student (approx)
Tuition and Fees:	Based on 52 credits	7,614.00	18,222.00
Books	Required books	1,200.00	1,200.00
Other:	Nursing program application fee	50.00	50.00
	Criminal History Check	51.00	51.00
	Drug Test	51.00	51.00
	HIPAA/OSHA Training	30.00	30.00

Associate Degree Nursing program costs (Years 2 & 3):

Category	Item	US Citizen (approx)	International Student (approx)
Tuition and Fees:	Based on 91 credits	13,167.00	31,731.00
Nursing Program Fees:	Nursing program fees	7,800.00	7,800.00
Books	Required nursing course books	2,000.00	2,000.00
Kaplan/i-Human	Required for nursing course (included in fees)	1,220.00	1,220.00
Uniforms:	White top, navy pants or skirt; white lab coat; name pin, shoulder patch; white shoes	300.00	300.00

12. What if I have additional questions?

Contact your assigned advisor during the academic year. If you do not have an advisor, contact the Student Success Center, Stensland Hall, 541-888-7405, and they will assign you one. Program information is available online at: https://mylakerlink.socc.edu/ICS/Admissions/Program_Specific_Forms.jnz or you may contact the program director via email at: joannie.miller@socc.edu or by phone at 541-888-7342 or contact the program assistant via email at: jstalcup@socc.edu or by phone at 541-888-7443.

IMPORTANT FINANCIAL AID ISSUES FOR NURSING PROGRAM STUDENTS

How do I apply for Financial Aid?

Financial aid includes any combination of grants, work-study, scholarship and loans to assist you in meeting your educational costs. You must apply for financial aid each year to determine your eligibility. The Free Application for Federal Student Aid (FAFSA) application is available online at <http://www.fafsa.gov/>. You can start applying as early as October for the next academic year, which starts with summer term at Southwestern. After submitting your application, the college will receive your FAFSA in about 3 business days. Southwestern will contact you by email once your FAFSA has been received. You must respond to all requests for information and forms in a timely manner. If you do not hear from Southwestern within three weeks of submitting your financial aid application, please give the Student First Stop Center a call at (541) 888-7352.

What are the requirements I must meet to receive financial aid?

In order to receive funding from federal, state, institutional or private funds you must follow and maintain Southwestern's Satisfactory Academic Progress guidelines as well as other eligibility requirements. These requirements and guidelines state that you must be an admitted, degree-seeking student and that funding will be only for classes that apply toward your declared degree or are considered remedial or supportive up to a 45-credit maximum. You must also complete the required number of credits and meet GPA requirements each term for which you are funded. All students are required to have a cumulative 2.0 GPA by the end of their second academic year. This information is available on the web at <http://www.socc.edu/financialaid>.

Is 9 credits considered full-time for nursing students receiving financial aid?

Not for federal aid, such as the Pell Grant and Direct Stafford loans. When it comes to federal aid, full-time is 12 or more credits regardless of the program you are enrolled in. Federal financial aid also only covers the coursework required for graduation, so pay close attention to the requirements in the catalog. If you are awarded a scholarship that requires full-time enrollment, in most cases, you can still receive the scholarship if you are only in 9 credits. All of Southwestern's scholarships honor this policy and most outside donors do also. If you have questions, you can always check with the donor of your scholarship.

Do I have to attend full-time to be eligible for financial aid?

No. However, certain funds are only available to full-time students. Full-time is defined as 12 or more credits per term. Federal and State financial aid funding eligibility will be based on the number of credits you are enrolled in as of Wednesday of the second week of each term—NO EXCEPTIONS.
