

### Athletic HEOA Disclosure

The Higher Education Act of 1965, as amended by the Higher Education Opportunity Act of 2008, requires annual reporting and disclosure statements. Annually Southwestern must prepare the completion or graduation rate of its certificate or degree-seeking, full-time undergraduate students which must be published by July 1st, and the [Spring IPEDS reporting](#) satisfies that deadline. Athletic graduation and transfer rates must also be published under the same timeframe and the following information satisfies the HEOA – Student Right to Know athletic graduation and transfer rates reporting requirements.

#### **2021-2022 IPEDS Rates - Graduated by June 30, 2020: 2018-2019 Athletic Cohort 150% Reporting for 3 Year Completion and Transfer Rates**

The fall 2018 Athletic cohort consists of 132 students who were enrolled as first-time full-time students and participated on an athletic team during the 2018-2019 academic year. Females represented 42% and 58% were males while 67% were white and 33% were minorities or indicated two or more races/chose not to report. Overall, 77% (101) of the students transferred or graduated within 150% of time (3 years) with a total of 36% graduating on time at 100% of time (2 years) and 44% graduated within 150% of time (3 years). Gender rates: 84% of females and 71% of males graduated or transferred within 3 years with 52% of females and 38% of males graduating within 150% of time (3 years). Students who indicated a minority status had a 80% combined graduation and transfer rate with a 41% graduation rate (3 years), while white students had a 75% combined graduation and transfer rate with a 45% graduation rate (3 years). The numbers by gender and for minority categories are not publically reported due to privacy restrictions when data is 7 or less. Contact the athletic department for additional information related to student athletic demographics or information that is more detailed related to graduation and transfer rates.
