IPEDS 2022-23 Prior Year Data Revision System

Fall Enrollment 2022-23

Institution: Southwestern Oregon Community College (210155)   User ID: P2101551

Overview

Fall Enrollment Overview

The Fall Enrollment component collects student enrollment counts by level of student, enrollment status, gender and race/ethnicity. In addition, first-time students' fall-to-fall retention rates and the student-to-faculty ratio are collected. Enrollment by age is required in odd-numbered years, and enrollment by residence of first-time undergraduates is required in even-numbered years.

Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.

Data reporting reminders:
- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior year reporting.
- Part B, Enrollment of students by age, is optional this year.
- Part C, Residence of first-time degree/certificate-seeking undergraduates, is required this year.
- For reporting students studying in consortium agreements, please refer to the Resource page at https://nces.ed.gov/ipeds/report-your-data/data-tip-sheet-reporting-data-consortium-institutions.

Changes in reporting:

The following changes were implemented for the 2022-23 data collection period:
- The "Nonresident alien" terminology has been changed to "U.S. Nonresident" but should include the same category of students.
- A question about gender has been added after Part A – Fall Enrollment Summary to collect information about students for whom gender does not fit the binary gender (Men/Women) categories provided. **Institutions should still allocate those students to the Men/Women categories in other screens of the survey component at this time.** New FAQs have been added to help institutions with this reporting.
- References to summer term were changed to summer session.
- FAQ #8 on consistent reporting of EF, E12, and OM has been updated for clarification.

Part A - Fall Enrollment- Gender Unknown or another gender than Men/Women categories

Part A - Fall Enrollment - Gender Unknown or another gender than Provided Categories

- The 'gender unknown' category is to report students for whom the institution does not know a gender.
- Institutions should not ask students that do not select a binary gender to allocate themselves to a binary gender category; it is up to the institution to allocate unknown students and students that indicate another gender into the binary categories throughout the forms where required. One commonly used method to allocate students is to use the known portion of men to women.

Is your institution able to report another gender for the 2022-23 data collection? If you indicate 'No', your institution should leave the cells in the rows for 'Another gender' blank (i.e., do not report 0). If you indicate 'Yes', but no students identified as another gender, please enter '0'.

Undergraduate students:

○ Yes

◉ No

Of the total students reported, how many students did you allocate to a binary gender category (Men/Women) because their gender was unknown or another gender than the provided categories?

		Number of students
		Undergraduate students
Grand total		**1,465**
	Gender unknown (i.e., gender information is not known or not collected).	12
	Another gender (i.e., gender information is known but does not fall into either of the mutually exclusive binary categories provided [Men/Women]).	
	Total of Gender unknown + Another gender	**12**
	Total of Students for whom gender is known and falls into one of the mutually exclusive binary categories provided [Men/Women]	**1,453**

Part E - First-Time Student Cohort Retention Rates (Full-time)

Retention Rates - **Full-time, First-time Degree/Certificate-Seeking Cohort from Fall 2021**

Academic reporters report retention data as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2021 and retention based on August 1, 2022.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:
- Include only **full-time, first-time degree/certificate-seeking** students in this cohort.
- Determine full-time using Fall 2021 attendance status (e.g., if a student was full-time in Fall 2021, report them in the full-time cohort regardless of Fall 2022 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E2a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g., Peace Corps); or to serve on official church missions.
- Report in the inclusion box (line E2b) first-time bachelor's-seeking <u>study abroad</u> students who were excluded from the first-time cohort (line E1) but who have re-enrolled at the institution their second year.

Summary

Fall Enrollment Survey Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the Data Center and sent to your institution's CEO in November 2023.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.
