Overview

IPEDS Student Financial Aid Component Overview - Academic Reporters

Welcome to the Student Financial Aid (SFA) survey component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

Data Reporting Reminders:

- Report data to accurately reflect the period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.
- Undergraduate Student Counts
You will be asked to report information for:
 - All undergraduate students
 - Full-time, first-time degree/certificate-seeking undergraduate students (FTFT)
 - FTFT undergraduate students who (paid the lower of in-state/in-district tuition rate for public institutions and) were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
 - FTFT undergraduate students who (paid the lower of in-state/in-district tuition rate for public institutions and) were awarded any Title IV federal student aid

- COA Revisions
Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component. Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.
- College Affordability and Transparency Lists
Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.
- Interactive Edits and Error Messages
SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.
- Context Boxes
You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the public.

Changes to reporting:

The following changes were implemented for the 2023-24 data collection period:

- Removed the 'Groups terminology'
- Renumbered lines on screens and in instructions
- Reiterated instructions on what is reported in each part for specific students and reporting periods
- Rephrased "room and board" terminology in survey materials to "food and housing," including Glossary terms
- Added FAQ regarding inclusion of incarcerated students
- Revised FAQ regarding experimental site participants

Section 1: Comparison Chart

Comparison Chart

Reporting Reminders:

- Based on the information reported on the previous screens for all undergraduate students and full-time, first-time degree/certificate-seeking undergraduate students, this comparison chart seeks to help institutions check their reported data. Assuming the information reported is correct, the calculated fields for 'All Other Undergraduate students' should be the balance. Similarly, comparison chart values for all degree/certificate and all non-degree/ certificate undergraduates should match the total reported in columns 1-4 in Section 1, Part B. If the balance does not check with your institution's calculations, please correct your reported numbers before moving forward with the completion of the SFA survey component.
- Data for all degree/certificate seeking undergraduate students and full-time, first-time undergraduate students are published on College Navigator.

Note:

- Data for the 'all other degree/certificate undergraduate' students and all non-degree/certificate undergraduate students will appear in the IPEDS Data Center for data users, but not in College Navigator.

Student Financial Aid

Source	Description	Severity	Resolved	Options
Screen: Page 2 - Full-time, first-time degree/certificate-seeking undergraduate students				
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 3,913 and 4,487 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Our enrollments and FAFSAs have declined fairly significantly after the pandemic.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 2,410 and 2,984 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Far less CARES grants awarded in the 2022-2023 academic year, which means far less students awarded and far less aid than the prior year. Only FSEOG is now reflected here.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 4,093 and 4,667 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Far less CARES grants awarded in the 2022-2023 academic year, which means far less students awarded and far less aid than the prior year.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 2,537 and 3,111 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	The State of Oregon introduced the Oregon Tribal Student Grant in 2022-2023, which was a significant increase in aid for many state-eligible students.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 6,957 and 7,531 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	CARES grants included, which increased number of students awarded but skews the totals aid awarded.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 4,694 and 5,268 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Our loan programs continue to decrease as enrollments decrease and the media villainizes student loan programs. Plus, there are many more grants available to students post-COVID, which reduces student need.			
Screen Entry	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 11,820 and 12,394 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Our private loan portfolio just keeps decreasing each year, most likely to more grant eligibility and a more careful understanding of student debt.			
Screen: Full-time, first-time degree/certificate-seeking undergraduate students				
Screen Entry	The calculated average amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason	The margin for this is so small that just 3 students brings it back into the correct range. There doesn't appear to be a problem, besides declining enrollments and not enough aid for students as a whole.
