

Newmark Center

The custodian for your building is David Richardson.

He is responsible for Newmark Center and is on campus Monday – Friday 8:00 am – 4:30 pm.

Custodians are responsible for maintaining the cleanliness and sanitation within your building of the following areas:

- Restrooms
- Hallways/entryways/lobbies
- Classrooms/Labs
- Public spaces
- Stairs
- Elevators

Individual offices are not on a regular cleaning schedule. If you need your trash or recycling emptied, you may place your receptacles outside your office door for the building custodian to collect.

If you would like your office vacuumed, you can request this service by leaving a message on the whiteboard located on the custodial closet door in your area.

You can expect the following services completed at a minimum as indicated:

Daily basis

- Trash cans emptied

Since cleaning may occur during open college hours, you can expect the following care taken by the custodian:

- Knocking and announcing themselves prior to entering restrooms
- Signs at the restroom door indicating it is closed for cleaning

When Mr. Richardson is out for more than one consecutive workday, we will have someone else to cover, performing only the daily duties. The coverage will occur during the hours of the substitute worker.
